

EverTrade Electronics Recycling

Capability Statement · Electronics Recycling & Secure Data Destruction

EverTrade Electronics LLC

10100 Belknap Rd, Suite B5, Sugar Land, TX 77498

(832) 777-3002 · info@evertradeelectronics.com

evertradeelectronics.com

CORE CAPABILITIES

- **Electronics recycling and collection:** computers, servers, networking gear, office electronics, TVs and monitors, from single pallets to full facility cleanouts. Scheduled pickup service across the Greater Houston metro (quoted per job) and staffed drop-off at our Sugar Land facility.
- **Secure data destruction:** hard-drive wiping and media sanitization following NIST SP 800-88 guidelines, with a serialized **Certificate of Destruction issued for every data-bearing device** and online certificate verification.
- **Documented chain of custody:** every pickup and job logged from collection to final disposition, with itemized manifests and email documentation.
- **Compliance-aware handling:** HIPAA-aware workflows for healthcare customers; downstream material routed exclusively through certified processing partners.
- **Reporting:** per-job manifests, certificates, and environmental-impact summaries suitable for audits and sustainability reporting.

PAST PERFORMANCE

340+

Houston-area businesses served

1,850+

Certificates of Destruction issued

850,000+ lbs

responsibly processed since 2024

Since 2016

family-owned and operated

DIFFERENTIATORS

- **Security-first process:** data-bearing devices are tracked and sanitized following NIST SP 800-88, and nothing leaves without documentation.
- **Local and responsive:** owner-operated in Sugar Land; direct scheduling and a single point of contact, not a call center.
- **Digital paper trail:** customer portal with certificates, pickup history, and impact reports, built in-house.
- **Right-sized for institutions:** small enough to be flexible on scheduling, established enough to handle district-scale volume.

STANDARDS & PRACTICES

- NIST SP 800-88 aligned data-destruction SOPs
- Operating in line with TCEQ sound environmental management practices for used electronics (30 TAC 328.149)
- Downstream material routed through certified partners
- General liability insurance; COI available on request

COMPANY DATA

Legal name	EverTrade Electronics LLC
Founded	2016
Structure	Texas LLC, family-owned small business
Service area	Greater Houston metro (~50 mi radius)
EIN	Provided with proposal / on request
UEI (SAM.gov)	Provided on request
CMBL vendor ID	Provided on request
Payment	ACH / check; Net 30

CODES

NAICS (primary)	562920 Materials Recovery Facilities
NAICS (secondary)	423930, 541519, 811212
NIGP	926 family (recycling services); electronics/computer disposal and data destruction classes per portal
